

Your special school visitor

Hello everyone,

My name is Paddy and I work for Dogs Trust, the UK's largest dog welfare charity.

I will be visiting your school to help you learn how to be safe & responsible around dogs in your assembly on Wednesday 26th September and I will be working with Year 4 (Parks and Einstein classes) in workshops!

I love visiting schools and making new friends. My role is very important and great fun too!

Here are a few facts you might want to know about me before I come to your school:

- I am a cross-breed and I'm very friendly- sometimes I lick people to say hello!
- I'm 5 years old and can sometimes get a little giddy! Please be careful and considerate so as not to scare me or get me over-excited.
- If you want to stroke me, you first need to learn how to do so safely. My owner will show you how.
- My three favourite things are toys, food and people!

I hope you will remember to be sensible when you see me at your school and I may even bring along some goodies for you all!

If you are unhappy for your child to attend the assembly or Workshops (Year 4 only - Parks and Einstein Classes) please let the office know before Wednesday 26th September.

See you all soon!

Your four-legged friend,

Paddy
